## Viewlite link USB-C docking station UK - option 900

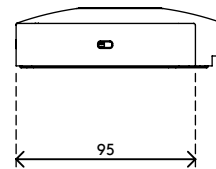

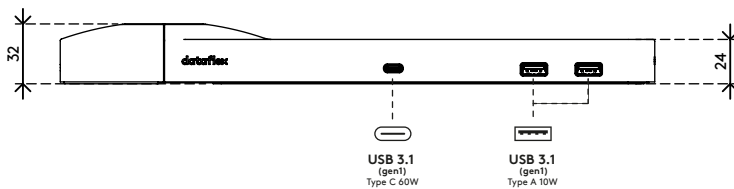

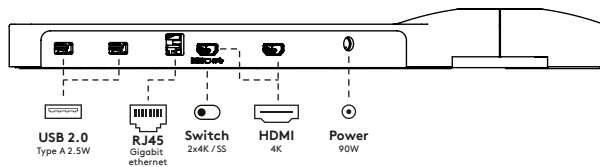

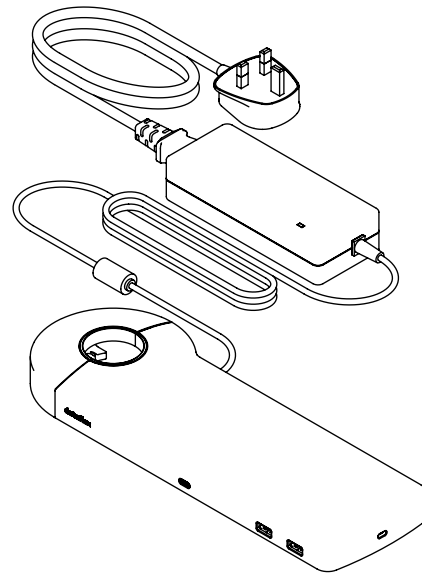

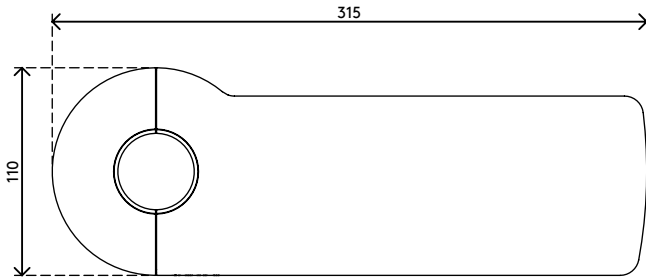

Easily connect your laptop or tablet to any modern workstation. Charge your devices, connect to any network and two monitors. Link's USB-C technology makes it all possible within seconds, with just one cable. Mount Link to any Viewlite monitor arm and make your desktop future proof. No additional software required. Need help using Link? View the Frequently Asked Questions (FAQ).

- Single connection for power, A/V and data
- USB-C plug and play, no additional software required
- Charge your laptop while you work (max. 60W)
- Connects up to two monitors through HDMI (Mac OS does not support MST)
- Connects up to 4 external devices through USB-A (e.g. keyboard, mouse, mobile phone, etc.)
- Works with nearly all USB-C equipped laptops (USB-C port should support power delivery and DP Alt Mode)
- Thunderbolt 3 compatible
- For optimal compatibility, use the included "full-featured" Dataflex USB-C cable
- Switch between dual 4K mode (max. resolution 4096 x 2160) and SuperSpeed mode (max. USB speed 5 Gbit/s)
- Sleek and slender aluminium body
- Mounts to any Viewlite base or pole
- Including power adapter and cable for UK sockets (Type G plug, 230V)
